PROCEEDINGS OF THE POLK COUNTY BOARD OF SUPERVISORS

The Board of Supervisors met in public hearing at 10:00 A.M. March 23, 1960, in regard to requests for changes in classification of zoning in certain townships; proofs of publication having been made. Members present: J. F. Baillie, O. E. Armstrong, Nels Lund, E. W. Armel, B. E. Newell

The meeting was called to order by B. E. Newell, Chairman. The petition of Hall and Company, requesting a change of classification from R-1 to M-1, Light Industrial for an irregular 5 acre parcel of ground lying east of Highway 415 (Old Highway 60) and south of Highway 160 in NW¼ SW¼ Section 35-80-24, located in Crocker Township, was taken up first. Don Anderson, engineer, explained as to where the area was located and the zoning as it now exists. The Zoning Commission on February 16, 1960 moved that due to the fact that it was a residential area and it would constitute spot zoning, recommended that the petition be denied. Mr. Newell asked that the record show that we have two petitions filed against the reclassification, a letter from the Vittoria Lodge and another letter this morning objecting to the reclassification. These were received and filed.

A. M. Hultman, 2nd Ave. & Carney Rd., said that he has been living out there for about twelve years and is in the process of building a new home; that he lived in a temporary home all of this time waiting for the city water which they did not get, so he sunk a well at his own expense and built a home thinking the area would be reserved as one of the beauty spots of Polk County, now to have it blighted by something that is objectionable. It is a hazard to put any type of business on the highway, he said. A number of people have signed a petition against it and they would like to retain the beauty of the area if possible.

Jack Rubel, 2nd Ave. & Carney Rd., stated that he lives directly south of the area covered by this classification, that the only access to this area is off Carney Rd and would be right in front of his property, that it would depreciate the value of his property and that Carney Rd is a narrow road, would increase traffic and make it hazardous for the children, that he would appreciate your action in declining the petition.

R. J. Pertzborn, 2nd & Carney Rd, has lived in the area 12½ years, has six children and owns 3½ acres. He moved out to raise children and that it would be spot zoning. It would constitute industrial site right in the midst of a residential area and it would greatly depreciate the value of his property. He could not see how an industry could come in with the water problem as it is, and that it would be highly objected to.

Aldo Forneris, 2005 University, spoke as past president and representative of Vittoria Lodge. At our past Sunday meeting the body voted to be against rezoning this area for commercial use. The lodge is for family outing and used wholly for social activities. Commercial zone would cut the property valuation. The spot is ideal and the surroundings perfect as is.

Mr. Newell asked if anyone were here in favor of the petition.

Tolbert Moore, attorney for Mr. Packard and Mr. Vantrees, said that he had a petition with more than 60% in favor of the rezoning within 500 feet and at this time I move to strike all objections except those of safety and will ask Mr. Vantrees how the building will look. (Petition was received and filed.)

Mr. Vantrees said that it would be 400 ft. long and 26 wide, frame and steel, white building with red roof. As far as water is concerned stated that other people have septic tanks and wells. That the only heavy equipment he had was a small tractor and that all deliveries would be made off Carney Road. That he would run the building north and south, display on 2nd Ave., building on the back section of ground in the neighborhood of Mr. Packard's barn.
(Steiner Silence)
Representative of Highway Commission spoke in regard to 4-lane highway, and limited access off 2nd Ave.
Dan Ramsey, representing Hall and Company in the sale of this land to Mr. Vantrees. Mr. Vantrees would bring industry and employment to Des Moines, that he employs 15 to 17 men and 2 women and would possibly double this employment when he got into his new plant. That he would have no heavy semitrailers to tear up the road. The boat weighs less than two ton and is pulled by car. That the value of this property for industry far exceeds the value for residence.

Albert Hall spoke as real estate broker. That the area had been listed for one year, no interest in trying to sell as agricultural land, too close to the city and not large enough. Ideal use in his opinion would be commercial or industrial. In his opinion it would not decrease the value of the residences.

Mr. Packard said that they had sold this land and did not find out it was zoned until it was sold. Have owned the land since 1938 and would not sell to anybody if he thought it would hurt somebody. Mr. Moore asked him to compare the value if sold for residences and Mr. Packard said that commercial was almost double.

Mrs. Packard spoke from purely personal viewpoint. We formerly owned the acres these people live on and we sold them reasonable. I do not think these days we can keep the views. If people want to live unsurrounded, they can push further out. Mr. Vantrees building will look as good as Vittoria Lodge, which resembles a factory. They hold dances there regularly and you see 100 cars or more parked there so I don't think a factory building will create more of a hazard than this lodge building does. We have held this property for a business help to us in later years. We had the opportunity to sell it for a night club but would not consider but we would like your consideration now.

Mr. Moore said that the objections should come from the people living within 500 ft of the area, that a 4-lane highway is particularly adapted to factory. Is the hardship on Mr. Packard? Protect the public but also protect the man that owns the real estate. He can buy other sites, but would you like to dig in your pocket? Your job is to keep the people in Des Moines that would employ people and keep factories in Des Moines. The factory would not be obnoxious--

size of the building would not be any more obnoxious than some of the others. I am sure if this gentleman is permitted to build in this area, he will be a good citizen and good neighbor.

Mr. Amend Feeley, N. 2nd & Carney Rd., was in favor of more business to north Des Moines.

Mr. Newell asked that the Zoning Commission's recommendation be read and then asked for any discussion among the board members. Mr. Lund said that since it would constitute spot zoning I think we should take into consideration the property owners before any new factories are brought into the neighborhood. I, therefore, feel that we make the motion that the petition be denied.

MOVED BY LUND SECONDED BY ARMEL THAT THIS BOARD CONCURS WITH THE RULING OF THE ZONING COMMISSION AND THE PETITION OF HALL & CO IS HEREBY DENIED.
Vote: YEA Baillie, Lund, Armel NAY Armstrong, Newell

The petition of Mr. & Mrs. Zenka Malik requesting a change of classification of Lots 72 and 75 Pinehill Plat #3 from R-2 Residential to C-3 General Commercial and also requesting to expand their Trailer Court at this location in Saylor Township was presented. The Zoning Commission on February 16, 1960 recommended that the petition be allowed and that a special permit be issued to the Maliks to operate their existing Trailer Court; also to extend C-3 General Commercial along the east side of 2nd Avenue from Pinehill to Bird Street to a depth of approximately 600 feet, following the established lot lines.

No one appeared objecting to the petition. Don Swanson appeared for and on behalf of the Maliks. Upon hearing the recommendation of the Zoning Commission, it was MOVED BY ARMEL and SECONDED BY BAILLIE THAT THE BOARD APPROVES THE PETITION OF MR. & MRS. MALIK AND THE RECOMMENDATION OF THE ZONING COMMISSION AND THAT THE COUNTY ATTORNEY BE INSTRUCTED TO DRAW THE RESOLUTION COVERING THE PETITION FOR REZONING ACCORDING TO THE ZONING COMMISSION'S RECOMMENDATIONS.
Vote: YEA Baillie, Armstrong, Lund, Armel, Newell

Item #3 the petition by Philip Ralles requesting a change of classification from A-1 to R-1 for property in Webster Township located in Section 3-79-25, south of 70th Street. Mr. Anderson explained that the request was to reduce the lot size from one acre to ½ acre and that the Zoning Commission recommended that the petition be denied.

Elmer Betz, 2816 46th, owns 80 acres immediately south of the area, said that maybe there is an error on the dimensions here because the way the figures run, would run over into our property. I believe that I do not object, but I do object to being included in that. It would create a problem in operating the farm. I would like it clear that I do not object to the use of his own land, but I do object to being included.

The recommendation of the Zoning Commission was read and it was moved by BAILLIE and seconded by LUND THAT THE BOARD CONCURS WITH THE RULING OF THE ZONING COMMISSION AND THE PETITION OF PHILIP RALLES IS HEREBY DENIED.
Vote: YEA Baillie, Armstrong, Lund, Armel NAY Newell

Item #4 Dan Lamb's petition requesting a change of classification from A-1 Agriculture to R-1 Residential in Saylorville Heights, located in SW¼ NW¼ Section 3-79-24, Saylor Township. The Zoning Commission recommended that the petition be allowed and there being no objectors it was moved by ARMSTRONG and seconded by ARMEL THAT THE BOARD APPROVES THE PETITION OF DAN LAMB AND THAT THE COUNTY ATTORNEY BE INSTRUCTED TO DRAW THE RESOLUTION COVERING SAID PETITION FOR REZONING ACCORDING TO THE RECOMMENDATION OF THE ZONING COMMISSION.
Vote: YEA Baillie, Armstrong, Lund, Armel, Newell

PROCEEDINGS OF THE POLK COUNTY BOARD OF SUPERVISORS

The Board of Supervisors convened as a zoning body on Tuesday, October 25, 1960, at 10:30 A.M. pursuant to proper and legal public notices published in the Grimes Citizen and Ankeny Times, Official Publications in and for Polk County, Iowa.
Members Present: J. F. Baillie, Nels Lund, E. W. Armel, B. E. Newell
Absent: O. E. Armstrong

The Grimes Investment Company, represented by Wendel Gibson and George Wallace, petitioned for a change of classification from A-1, Agricultural to M-2, Heavy Industrial in Webster Township.

No objectors were present.

Letter from the State Highway Commission stating that the proposed company could not have access to the Interstate and would have to use the county road, was read and filed.

At the conclusion of the public hearing, it was moved by Armel, and seconded by Baillie, that the petition submitted by Grimes Investment for reclassification of land in Webster Township, specifically the East 1/2 of the Northeast Quarter of Section 17, Township 79, Range 25 (Less Railroad right-of-way and less Highway right-of-way) be approved and the County Attorney be instructed to draw up the proper resolution for presentation to the Board at their next meeting.

Vote: YEA Baillie, Lund, Armel, Newell ABSENT Armstrong

Petition submitted by Joe Bianchi for reclassification of land in Crocker Township from R-1, Surburban Residence District to A-1, Agricultural District, to permit the installation of a dog kennel was brought before the Board.

Mr. Sarcone, Zoning Officer, informed the Board that since the commissions denial, because the property was deemed too small for a kennel, a new proposal had been submitted for the entire area and is now pending. He recommended the Board return request to Zoning.

Moved by Lund and seconded by Armel that the request of Joe Bianchi to rezone be referred back to the Zoning Commission.

Vote: YEA Baillie, Lund, Armel, Newell ABSENT Armstrong
