Attention: Everett Armel, Chairman

Gentlemen:

Reference is made to Notice of Hearing on Petition filed by Sunray DX Oil Company, requesting a special permit to establish a Campers and Tourist Trailer Recreation Area on the following described property:

> (Ex. W. 70') Lot 2, PIEKEN BROCK, located on the east side of N.W. Merle Hay Road and known as 4935 Merle Hay Road, Webster Township.

You are advised that my clients, Mr. & Mrs. Richard Galloway had been misinformed as to the date of hearing before the Polk County Zoning Commission, and therefore did not appear to register their protests at that time.

On behalf of them, we hereby object to the Petition on the following grounds:

1. Proposed area is low and subject to flooding several times a year.

2. The area does not have sewer. Septic tank facilities will be inadequate to take care of large numbers of people.

3. Area will become littered with debris consisting of garbage, papers, cans, bottles, etc., which will draw rats and become a health hazard.

4. Horses are pastured on part of my clients ground. Fencing is adequate to fence the horses in, but inadequate to keep children of campers out of the pastured area. This involves the safety of the children.

5. My clients have a swimming pool which is fenced, but fencing would be inadequate to keep children of campers out while my clients are at work if children of campers were determined to enter the swimming area.

Respectfully request that the Petition of Sunray DX Oil Company be denied.

Very truly yours,

MELIO A. TONINI

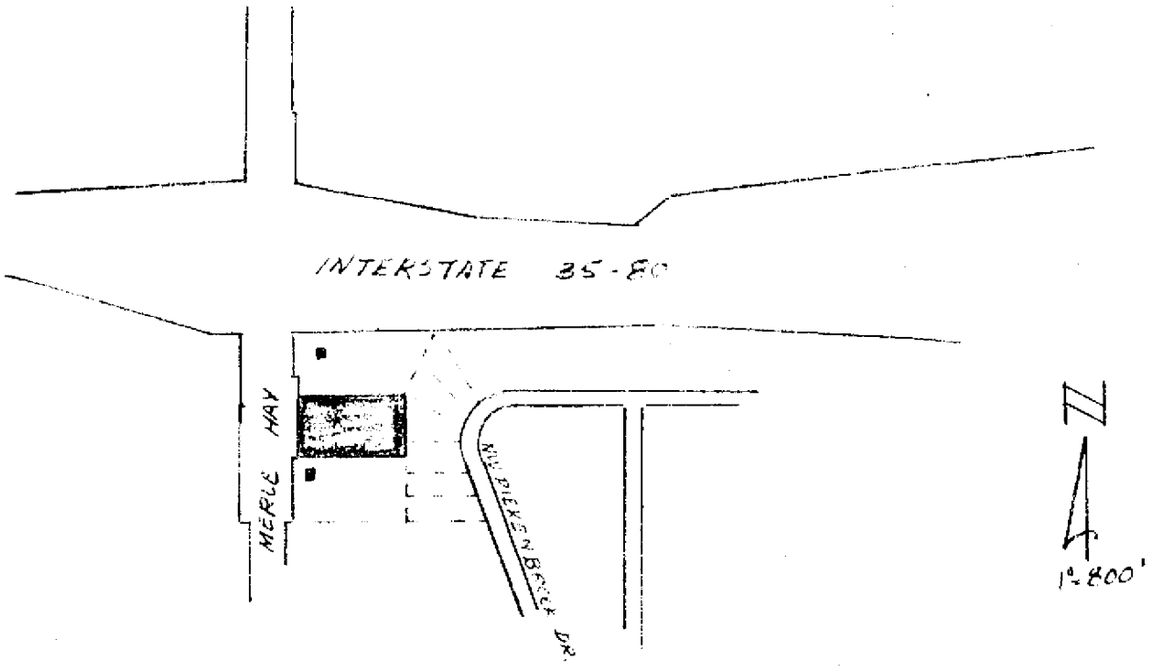
Legal Description of Property Involved :

"(EXCEPT West 70 feet), Lot 2, PIEKENBROCK - located on the East side of N. W. Merle Hay Road and known as 4935 Merle Hay Road - Webster - Webster Township".



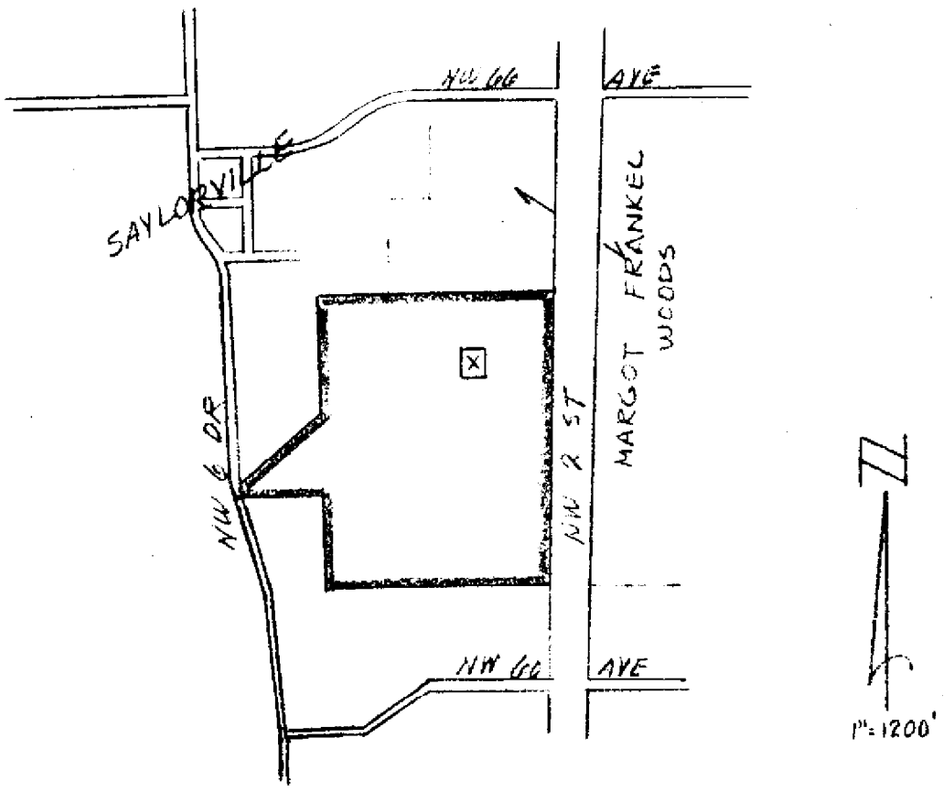
Staff Recommendation: **The property shaded above represents the area in question. It is presently zoned C-3 Commercial and a D-X service station occupies a part of the site. The topography of the site is rather rugged and relatively small for the proposed use. We have seen no proposed plans, but perhaps a proposal will be submitted at the Hearing. The use of the land for strictly over-night or short-time parking of camping and tourist trailers would seem to be compatible with the other uses permitted in the C-3 District.**

POLK COUNTY ZONING COMMISSION
Des Moines, Iowa

Agenda Item No. 2 Date: 4 May 1965

Owner or Petitioner: David, Charles, and Joseph Jesser

Legal Description of Property Involved: " (EXCEPT the South 200 feet, North 591.6 feet West 175 feet East 701.5 feet meas. on Centerline West pavement 2nd Avenue) Lot 1 and all Lots 2-3-10-11-14 & 15 OP South 1/2 Southeast 1/4 Section 3 and North 1/2 Northeast 1/4 Section 10-79-24 - located on the West side of N. W. 2nd Street in the 6200 block - Saylor Township".



Staff Recommendation: **The property in question outlined above, is presently classified in an R-1 Suburban Residence District. It is bordered on the North and on the West by a public park; namely, Margot Frankel Woods. Under Art. 18, paragraph H, item 6, of the Zoning Ordinance, private and commercial golf courses may be permitted by special permit from the Board of Supervisors after recommendation by the Zoning Commission. In our opinion, the proposed use will not be injurious or harmful to adjacent properties, and we recommend that the application be approved.**

COUNTY AUDITOR

CHAIRMAN, BOARD OF SUPERVISORS

Des Moines, Iowa, September 10, 1965
Friday, (9:30 A.M.)

PROCEEDINGS OF THE POLK COUNTY BOARD OF SUPERVISORS

The Board of Supervisors met as a Zoning Body at 9:30 A.M., September 10, 1965. Members present: Ralph Tapscott, B. E. Newell, O. E. Armstrong, E. W. Armel. Absent: William Fortune.

Publication of the following petitions was made in the Des Moines Register, August 27, 1965.

The first item of discussion was a petition filed by Donald Swanson, Attorney, for the Town of Pleasant Hill, requesting a special permit to establish a Sanitary Land Fill Dump.

Mr. Swanson appeared to explain the petition. He said that the area was low. That it required a permit because it was zoned M-1. That there were not many homes in the area. He said that the levy had been built up, and there was dumping on this levy so far, but that no garbage had been dumped. He said that it was covered with dirt two times a week. He said that the petitioner was willing to submit to the rules and regulations and that there would be an attendent on duty and that there would be no building on this ground until it was filled.

Dr. Luka, Polk County Medical Examiner, reported that he inspected the area, and that there was no health hazzard. He said that this sort of thing was not desirable but was a necessity.

Mr. Herb McConkey, 70th and Vandalia Road, said that he goes past this area every morning and night. He said that they had gotten their zoning in good faith. He thought that a gravel pit would be the logical place for a dump.

Mr. Ernest Crawford, 5400 Vandalia, said that he lives right across from the dump. He said that there are nine children in this area. He asked why it had to be next to a road.

Mr. Joe Caldwell asked why Four Mile couldn't dump in this place and how Pleasant Hill could take it.

LET THE RECORD SHOW: There were nine persons appearing against this petition by a show of hands and four in favor.

Moved by Newell Seconded by Tapscott that this Board concur with the Recommendation of the Zoning Commission and deny the special permit and recommend that the Town of Pleasant Hill and the Board of Health get together and work out a feasible plan and resubmit their petition.

VOTE YEA Tapscott, Newell, Armel: NAY Armstrong: ABSENT: Fortune.

The second item of discussion was the petition filed by several property owners and contract purchasers, requesting a change of classification from A-1, Agricultural and C-3, General Commercial to M-1, Light Industrial.

LET THE RECORD SHOW: B. E. Newell, Supervisor 4th District, was excused from sitting as a Board member for this petition.

Mr. Don Anderson of Anderson Engineering explained this petition to the Board.

B. E. Newell stated that there was a rumor that the property to the West Zoned M-1, would be a shopping center. He felt that all of this property shouldn't be zoned piecemeal and that only one change should be made.

Mr. Robert Hall, Attorney, presented a petition signed by the people living on the east side of the road. He said that they objected to industrial being located so close to residential. He said that the people would, however, have no objection to commercial.

Mr. Howard Pardecooper of 4713 E. 56th said that he had moved out to get away from industrial. He felt that a shopping center wouldn't go in where industry is, such as a steel shop etc.

Mrs. Henry Maurines, 57th St. Court, said that they have their property paid for and that it was very nice. She said that they had two

children and didn't want industry in their next door.

Mr. Burl Zika of N. E. 57th appeared to oppose.

Mr. John Ray of 57th St. Ct. appeared to oppose.

Mr. Donald Hewitt appeared in behalf of Stoner McCray System. He said that the rumor was false, that they had had no offer for a steel warehouse.

Moved by Armstrong Seconded by Tapscott that the Board accept the recommendation of the Zoning Commission and that M-1, Light Industrial be extended 1000' to the east leaving the rest as it now stands which is A-1, Agricultural and C-3, Commercial, and that the County Attorney be instructed to prepare a proper resolution making said change.

VOTE YEA Tapscott, Armstrong, Armel: PASS Newell: ABSENT: Fortune.

Moved by Tapscott Seconded by Armstrong that the Board adjourn the Zoning meeting.
